CIRCULAR
DENGUE FEVER

Dear parents,

1. Parents are informed that Dengue Fever is spreading very fast in the capital. As precautionary measure, it is advisable for all the students (Boys & Girls) of classes KG to XII to wear trousers and full sleeves shirt on all working days. In case your ward does not have trousers and full sleeve shirt, kindly arrange for the same at the earliest.
2. School is making all the efforts to ensure that classes are made mosquito free by fogging and spraying pesticides.
